

Figure 10 is a plot showing the Weighted Average Phase Function (P.F.) for various sizes. The y-axis is logarithmic, ranging from 10^0 to 10^2 . The x-axis represents size, ranging from 840 to 970. The plot shows multiple curves for different sizes, with a legend on the left listing sizes from 840 to 970. A blue curve is highlighted, representing the Weighted Average Phase Function.
